

International Rural Network World Forum 2012

The International Rural Network (IRN) and The University of South Australia's Centre for Rural Health and Community Development are pleased to announce the preliminary details on the 5th International Rural Network World Forum.

The Forum, themed *Rural & Remote Resilience - Making the Priorities Possible* will be held at the Middleback Theatre in Whyalla, South Australia from 24 - 28 September 2012.

A call for abstracts will be launched in August 2011. Please note these key dates and start thinking about your abstract submission.

Program details and registration information will follow later. For further information on the IRN, visit www.international-rural-network.org
